#### **Coverage for allotment and/or community gardens.**

The insurer, after reviewing the coverage offered to BC Council members, in particular that of allotment/community gardens, have determined that due to the higher risk involved in allotment and community garden operations, a rate scale for these groups was appropriate. Gardens up to 15 acres are eligible for coverage of liability insurance through BC Council of Garden Clubs, however, gardens over 15 acres would require separate individual coverage. Those gardens should contact the insurer directly and provide the insurer with the additional information required for a quote.
