

## **Horticulture Judges Course**

**Please pass this information on to your fellow club members.**

The next Horticulture Judges Course will be starting in the spring, 2020.

The judging course consists of several classes to cover theory and practice judging different types of flowers, fruits and vegetables. The students will then Observe a qualified Horticulture Judge at five public shows in order to learn from them, then Co-judge with a qualified Horticulture Judge at five public shows to get additional practical experience in judging. The student judges are also required to enter ten exhibits in public shows and win three first place ribbons.

The students have two years to complete the course requirements in order to qualify to receive their Horticultural Judging Certificates.

In order to book the appropriate size venue I need to know how many people are interested in taking the course. Please contact me by January 31, 2020 with your name and contact information to register your interest in taking this course.

Cheers!

Cindy Tataryn
